Re: Gainsborough Meadows, Brassall

Thank you for the opportunity to appraise investment properties in the abovementioned estate.

The main features of this property are:

- * 4 good sized bedrooms complete with robes
- * Modern kitchen with smart stone bench tops
- * Quality Stainless steel appliances
- * Open planned dining/living rooms
- * Outdoor patio area under main roof
- * Main family bathroom with ensuite to main bedroom
- * Double lock up remote garage

This plan has sets this home apart from others as it has been designed for an investor that appreciates style with practicality.

We are excited to offer our property management services to you.

Our extensive marketing campaign and database of potential tenants allows us the opportunity to tenant properties quickly. We also have the capacity with our office locations to cover all suburbs of Brisbane and greater Brisbane and the northern end of the Gold Coast.

Taking into consideration the current stage of the buy and build, the rental market is prone to change by the time of lock up and completion of this investment property. Therefore, we recommend this opinion of the current market rent per week be re-assessed every 12-13 weeks.

The current market amount after comparison with similar properties is in the vicinity and current rents being achieved would be \$350 - \$365 per week.

Regards,

Salina Kachel – LREA
